

LUMINEERS®

3-STEPS TO AN EMPOWERING
SMILE TRANSFORMATION.

Step 1

Understand the Lumineers® Trend.

Similar to how contact lenses enhance your sight, Lumineers® improve your smile and whole life.

Lumineers® are ultra-thin shells (about as thick as a contact lens) of durable tooth-colored material that go over your teeth to transform your smile and increase attractiveness.

Lumineers® differ significantly from the traditional dental veneers you may have heard of. Unlike veneers, these cosmetic enhancements are half the thickness, are very practical, and are made of an extra-durable material that is stronger than natural teeth and refracts light more naturally than traditional veneers.

Smile enhancements with Lumineers® are:

ATTRACTIVE

Easily and quickly fixes stained or gapped teeth.

EASY

No grinding down your natural tooth!

REVERSIBLE

Lumineers® treatment can be undone if desired.

The Lumineers® trend has steadily become more and more popular outside of Hollywood because they:

- ➔ Mirror the strength and beauty of natural teeth.
- ➔ Are completely removable.
- ➔ Are finished in only 2 visits!
- ➔ Are stain-resistant.
- ➔ Involve no pain, no needles, no temporaries.
- ➔ Do not require drilling of healthy tooth structure.
- ➔ Last for +20 years with good hygiene.

These conservative smile enhancements can adapt to every need and budget. One of the biggest features people love about Lumineers® is that they are completely reversible, causing zero damage to your existing tooth structure. You can go back to your original smile at anytime!

Who is a candidate for Lumineers®?

Everyone! Our patients range from college students and teenagers to entrepreneurial young adults and busy mothers. That's how easy it is to invest in your self-empowerment with Lumineers®.

What about you? Would you benefit from looking and feeling more confident at work and in personal relationships? Lumineers® can give you a quick and easy confidence boost so you can stop hiding your smile, and start living your life worry-free!

Step 2

Define Your Smile Possibilities.

Perfect your Hollywood smile!

Actual Patient

Permanently brighten your smile!

Actual Patient

Close gaps and reshape crooked teeth!

Actual Patient

1st Visit

On your first visit with your cosmetic dentist, you can co-design your computer-generated personalized Lumineers® smile.

2nd Visit

On your second visit (about a week later), your meticulously designed smile is placed to match your unique facial features—painlessly.

That's it! A completely new-and-improved you in just 2 easy appointments!

Step 3

Visit Your Favorite Smile Artist.

Many celebrities have transformed their smiles with Lumineers®, but you'd never know because they look so naturally beautiful. The same can be true of you!

Does it matter which dentist you choose?

Yes it does. Only a Certified Lumineers® Provider with an expertise and passion for conservative dentistry can design a unique smile that complements your eyes, lips, and skin tone perfectly.

Using advanced digital-imaging technology and precisely engineered materials, our team will work with you to co-design the dream smile that will empower your self-image and last for decades.
